

<b>Module 1 - Opening Module - Meet the Experts</b> <b>13 FEBRUARY, ONSITE - Bremer Auditorium (Building B), Campus Erasme, Brussels</b> <b>Visual harvesting by Mr. Lapin</b>			
SETTING THE SCENE - Collaboration for innovation			
9:00 - 9:15	Collective intelligence builds the future of healthcare	Michel GOLDMAN, I3h Institute, ULB	confirmed
9:15 - 10:00	Global challenges in healthcare	Hilde STEVENS, I3h Institute, ULB	confirmed
10:00 - 10:45	Collaboration for innovation	Niklas BLOMBERG, Innovative Health Initiative	confirmed
<i>Break</i>			
11:15 - 12:00	The future of therapeutic innovation: opportunities and challenges ahead	Bruno FLAMION, Namur Research Institute for Life Sciences, UNamur; Viartis Innovation	confirmed
<i>Lunch Break</i>			
BEING PREPARED FOR A CAREER IN LIFE SCIENCE			
13:00 - 13:45	Public-private partnership for drug discovery	Dimitrios TZALIS, Founder of Taros Chemicals GmbH	confirmed
13:45 - 14:30	Patents in an evolving (healthcare) environment : for better or for worse?	Daphné DEROUANE, UCB	confirmed
<i>Break</i>			
15:00 - 15:45	Optimizing career opportunities in life sciences	Charlotte PETERS, HR One	confirmed
15:45 - 16:30	The drug development lifecycle: the importance of patient involvement and understanding patient preferences	Maria DUTARTE, EUPATI	confirmed
16:30 - 17:00	Practicalities, conclusion & farewell	Hilde STEVENS, I3h Institute, ULB	confirmed

<b>Module 2 - Regulatory Challenges and Opportunities</b>			
<b>27 FEBRUARY, ONLINE</b>			
<b>REGULATORY SCIENCE</b>			
9:00 - 9:30	Introduction	Hilde STEVENS, I3h Institute, ULB	confirmed
9:30 - 10:15	Evolution in clinical trial conduct	Frédéric Hénot, CTC H.U.B.	confirmed
<i>Break</i>			
10:45 - 11:30	The industrial clinical pipeline and biomarker research	TBC, I3h Alumna, argenx	await final confirmation
11:30 - 12:15	Patient-driven regulatory science	Delphine HEENEN, KickCancer	confirmed
<b>VALUE-BASED HEALTHCARE</b>			
13:00 - 13:45	The new HTA Regulation and its potential impact on pre- and post-marketing studies	Mattias NEYT, Belgian Health Care Knowledge Centre, KCE	confirmed
13:45 - 14:30	Need for a global access strategy	Eline PICAVER and Jean-Michel LUYCKX, Novartis	confirmed
<i>Break</i>			
14:45 - 15:30	Rare diseases: unmet needs and the need to improve outcomes	Anna KOLE, UCB	invited, awaits internal approval
15:30 - 16:15	Q&A and Conclusion	Hilde STEVENS, I3h Institute, ULB	confirmed

<b>Module 3 - Patient-centred Innovation</b>			
<b>6 MARCH, ONLINE</b>			
<b>NAVIGATING BETWEEN STATE INTERVENTION AND MARKET FORCES</b>			
9:00 - 9:30	Recap & introduction	Hilde STEVENS, I3h Institute, ULB	confirmed
9:30 - 10:15	The proposed new EU Pharma Package and its impact on Europe's attractiveness and competitiveness for (orphan) drug development	Georges SIOTIS, Universidad Carlos III de Madrid (UC3M), Centre for Economic Policy Research (CEPR)	confirmed
<i>Break</i>			
10:45 - 11:30	Public contribution to healthcare	Shiri MERMELSTEIN, I3h Alumna, I3h Institute, ULB	confirmed
11:30 - 12:15	Towards a European Health Union? Recommendations to increase Europe's competitiveness	Mathias DEWATRIPONT, I3h Institute, ECARES, ULB	confirmed
12:15 - 12:30	Q&A Session		
<i>Lunch Break</i>			
<b>TURNING INNOVATIVE THERAPIES INTO STANDARD OF CARE</b>			
13:30 - 14:10	Developing a vaccine to tackle recurrent cancer	Damya LAOUI, VUB	confirmed
14:10 - 14:50	Precision Therapy Logistics Gateway (PTLG) at the verge of healthcare, innovation and logistics	Isabelle FRANCOIS, JIVANA	confirmed
14:50 - 15:30	In silico medicines to support patient specific optimization of clinical interventions	Liesbet GERIS, ULiège, KU Leuven	invited

<b>Module 4 - Patients Involvement &amp; drug repurposing</b> <b>13 MARCH, ONSITE - Bremer Auditorium (Building B), Campus Erasme, Brussels</b>			
9:00 - 11:30	<b>Workshop 1 - Repurpolis: Board Game on drug repurposing</b>	Rosan KREEFTMEIJER-VEGTER, EATRIS	confirmed
11:45 - 12:30	Patients' initiatives and impact on the research landscape	Romain ALDERWEIRELDT, Foundation 101 Genomes (F101G)	confirmed
<i>Lunch Break</i>			
13:15 - 14:00	Data sharing and reuse for innovation in healthcare	Tatiana REVENCO, I3h Alumna, Medical Data Hub (MDH)	confirmed
14:00 - 16:30	<b>Workshop 2 - Digitalization in healthcare and data sharing touchpoints</b>	Tatiana REVENCO, I3h Alumna, Medical Data Hub (MDH)	confirmed

<b>Workshop 3 - Negotiating IP Agreements - only for Certificate applicants</b> <b>14 MARCH, ONSITE - Bremer Auditorium (Building B), Campus Erasme, Brussels</b>			
10:00 - 16:00	<b>Workshop 3 - Negotiating IP Agreements</b>	Anatole KRATTIGER, Prisma Innovations LLC, Geneva	confirmed

<b>Module 5 - SDGs to achieve Universal Health Coverage</b> <b>20 MARCH, ONLINE</b>			
<b>HEALTH SYSTEM STRENGTHENING TO IMPROVE ACCESS TO MEDICINES</b>			
9:00 - 9:30	Recap & introduction	Hilde STEVENS, I3h Institute, ULB	confirmed
9:30 - 10:15	Political leadership to work towards Universal Health Coverage	Michel KAZATCHKINE, Geneva Institute	confirmed
10:15 - 11:00	Progressing towards UHC: How to mobilise the pharmaceutical sector on access to medicines	Moy BRACKEN, Access to Medicine Foundation	confirmed
<i>Break</i>			
11:30 - 12:15	Healthcare leaders' role in R&D Investments & Preparedness	Luc DEBRUYNE, Coalition for Epidemic Preparedness Innovation (CEPI)	confirmed
12:15 - 12:30	Q&A Session		
<b>COLLABORATION AIMING TO REACH UHC</b>			
14:00 - 14:45	The public health value proposition of vaccines	Bill HAUSDORFF, PATH or Christoph BENN, Joep Lange Institute	confirmed
14:45 - 15:30	MSF's innovative approach to tackle AMR: the Mini-Lab project	Céline FRANQUESA, Médecins Sans Frontières (MSF)	
15:30 - 16:00	Q&A, Conclusion & Farewell	Hilde STEVENS, I3h Institute, ULB	confirmed

**Online Exam:**

- May 8th (Friday)

**Case Study defenses:**

- May 13th (Wednesday): online case studies
- back-up May 12th (Tuesday): if more than 1 day needed
